EDUCATION

ANDHRA University

Bachelor of Technology in Computer Science and Engineering

Aug 2022 – June 2026

Andhra Pradesh, India

Rangamati Government College

12th Grade, Science

2018 – 2020

Rangamati, Bangladesh

EXPERIENCE

Elevate Labs

Jan 2026 – Present

Cybersecurity & SOC Intern (Remote)

- Web security, phishing simulation, firewall configuration, SIEM log monitoring, and incident response.
- Performed network reconnaissance using Nmap and validated vulnerabilities with Metasploit in controlled environments.
- Analyzed network traffic using Wireshark to identify anomalies and potential threats.
- Conducted Linux server hardening, risk prioritization, and documented remediation strategies following security best practices.

LaunchED

Apr 2025 – May 2025

Junior SOC Analyst Intern (Remote)

- Trained in Linux, Windows/AD, Command Line, and Networking (OSI/TCP-IP)
- Learned secure protocols (DNS, HTTP, SSH, TLS, VPN) and basic cryptography concepts (encryption, hashing, PKI)
- Performed packet analysis using Wireshark and tcpdump.

PROJECTS

Hybrid Malware Detection System (Final Year Project)

- Developed a hybrid malware detection system combining reverse engineering techniques and machine learning models.
- Analyzed malware behavior, extracted features, and trained models to improve detection accuracy.

Offensive & Defensive Security Lab Portfolio | [GitHub](#)

- Completed 15+ practical labs covering VAPT, SQL injection, web security testing, phishing simulation, SIEM log analysis, firewall configuration, and Linux hardening.
- Performed vulnerability scanning, risk prioritization, and simulated real-world attack scenarios in controlled environments.
- Documented findings, remediation steps, and security workflows in GitHub repositories.

TECHNICAL SKILLS

Programming Languages : Python, JavaScript (React.js), HTML/CSS, SQL (PostgreSQL, MySQL)

Tools : Splunk (SIEM), Wireshark, tcpdump, Nmap, Nessus, Windows Event Viewer, Shodan, VirusTotal, MITRE ATT&CK Framework

Extra Curricular

Languages: English (Proficient), Bengali (Proficient), Hindi (Fluent), French (Beginner)

Sports: Badminton (Gold Medal Enter College), Running (Half-Marathon Finisher)

Voluntary: University Department and Others Event

CERTIFICATIONS

Google Cybersecurity Certificate

2025

Ethical Hacking (NPTEL)
